

Montgomery Sisam partner with Kennedy Vomberg to support evolution of Deltek Vision® Deployment

Toronto, Canada – June 11, 2008 – Kennedy Vomberg Inc is pleased to announce the commencement of a consulting relationship with Montgomery Sisam Architects to help support and extend the deployment of the Deltek Vision solution. After implementing much of the accounting aspects of the solution on a self-directed basis, Montgomery Sisam saw value in aligning themselves with a certified partner organization to augment and extend the Vision solution.

“While we have achieved some good results with Vision thus far, we felt that leveraging the experience of an implementation partner would help us further realize upon our investment in Vision,” said Sandra Dorenberg, Controller, Montgomery Sisam Architects. “We were happy to find Kennedy Vomberg willing and able to assess our current use of Vision. They provided constructive feedback on our configuration of the solution, and are helping us evaluate other areas of the application, such as Resource Planning, which may provide incremental value to our organization.”

“We’re honoured to welcome Sandra and the team at Montgomery Sisam into a relationship with our organization. Based on our joint efforts to date, it would appear there are areas where Vision may provide additional operational benefits and efficiencies. We look forward to a mutually rewarding relationship for years to come,” said Don Kennedy, Principal of Kennedy Vomberg.

About Kennedy Vomberg

Kennedy Vomberg is headquartered in Toronto and provides business advisory and software consulting services to the professional services industry throughout Ontario and beyond. In partnership with Deltek, Kennedy Vomberg markets and implements the Vision line of business management solutions to organizations that are project-based.

A sampling of Kennedy Vomberg clients include Aardvark Drilling, the Centre for Excellence in Mining Innovation, Compugen, Corporate Contracting, the Mining Innovation Rehabilitation and Applied Research Corporation, NFOE Architects, NXL Architects, and Stendel + Reich Architects.

About Montgomery Sisam

Based in Toronto, Montgomery Sisam Architects was established in 1978. The firm has developed a reputation for design excellence that is supported by over 40 regional, national and international design awards.

Successful projects result from a clear dialogue between architect and client, where the requirements of users serve as the inspiration for unique and responsive architectural solutions. Montgomery Sisam takes pride in their ability to build strong relationships – a skill that starts within the office. The firm has twice been selected as one of Canada’s Top 100 Employers as published in Maclean’s magazine.

Deltek and Deltek Vision are registered trademarks of Deltek, Inc. All other product or company names appearing in this publication are used for identification purposes only and may be trademarks of their respective owners.
